Re: 2022 FISU University World Cups – attribution

Dear Friends,

We are pleased to inform you that the FISU Executive Committee has attributed the organisation of the 2022 University World Cup Finswimming to your federation.

FISU will of course be in close contact with CMAS in order to set the dates of this event. Indeed, from the experience gained from the organisation of previous University World Cups, the date of a Cup is the first important step to be decided, in order not to overlap with other events in calendar of other international sports federations. We will also check the dates suggested in agreement with the FISU Technical Committee Chair.

Together with this letter you will receive the attribution contract, MPA and the invoice for the Organising Rights & Services Fee in order to formalise the attribution. We kindly ask you to return the contracts signed by the 31 January 2021.

We kindly ask you to send us the complete contacts details of the newly Organising Committee as soon as possible.

We are convinced that this event will help to consolidate the excellent co-operation with your Association. Looking forward to collaborating with you as to guarantee the success of this Cup.

Should you have any questions, we are at your disposal for any clarifications (worldcups@fisunet).

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric Saintrond', with a long horizontal stroke extending to the right.

Eric SAINTROND
FISU Secretary General /CEO
